Pennsylvania is home to 148 manufacturers of transit components.

Pennsylvania has the 7th-most transit manufacturers in the country

Sens. Casey & Toomey

Proposed cuts to the federal programs that invest in transit would have a devastating effect on these businesses and the tens of thousands of jobs they support nationwide. Without continued federal support, projects underway would stall and new projects would be postponed or even canceled. Factories and suppliers that make products for transit systems may have to downsize or shutter without a steady pipeline of projects.

SUPPORT THE TRANSIT CAPITAL INVESTMENT GRANTS (CIG) PROGRAM AT OR ABOVE FAST ACT LEVELS OF $2.3 BILLION

The Federal Transit Capital Investments Grant (CIG) program matches local funds to construct new transit projects and expand transit systems. These critical investments in new transit systems support thousands of jobs manufacturing buses, trains, tracks, and subcomponents. These federal dollars encourage and leverage at least as much non-federal money, encouraging local and private participation.
